

Hello Everyone!

JOIN US for a Worldwide “ET Contact”
Love Wave Meditation!

“The Woodstock of ET Contact”
invites you to participate from
wherever you are on Sept. 20-22,
2019!

As a united Human Family, we will connect with our ET Star Friends to send a wave of Peace and Love from our hearts to “Area 51” in the Nevada desert of the USA. We will extend that wave to the entire world. Area 51 is where many people will be gathered for 3 days in awareness of the existence of our ET Friends.

From August 15-18, 1969 “Woodstock” launched a Love Wave that defined a generation which then spread Peace and Love throughout our planet.

*On Sept. 20-22, 2019 – 50 years later –
“The Woodstock of ET Contact” will launch a
Love Wave to define the current generation
who in partnership with our ET Friends will
then spread Peace and Love throughout our
planet.*

We know our ET Friends are present in the skies not only in Area 51 but everywhere on Earth. They have stated “We are ready” – ready to connect positively with us humans on a massive scale. They want to partner with us to help establish peace on Earth.

How to Participate

So, wherever you are and whenever you wish and as often as you wish – all weekend (Sept 20-22) – please do the following:

- Visualize the ground and skies of Area 51
- Send a wave of Peace and Love to humans on the ground there and to our ET Friends in the Area 51 sky who are also present all over the Earth
- Imagine our ET Friends adding their Peace and Love to your great vibes
- From your heart tell our ET Friends that you are ready for Full Open Contact with them on Earth and invite them to walk in peace among us
- Imagine the Peace and Love Wave from Area 51 spreading outward to surround and heal our entire planet
- Envision our planet and all Her inhabitants entering a Golden Age – the birthing of the New Earth and the New (greatly improved) Human, taking our rightful place alongside our Star Brothers and Sister, living harmoniously as members of the Cosmic Community

Register below so we can keep you updated as this event grows.
